## Part 1 Jira Screenshots:

Created Jira Project and linked Github Repository to it.

## Project Short Description Added

## Created First Epic "Teacher-side Features"

The screenshot shows the Jira Software interface for a project named 'Educately'. The 'Roadmap' view is active, displaying a timeline from November to January 2022. Two epics are listed: 'ED-1 Teacher-Side Features' and 'ED-2 Student-Side Features'. The 'Teacher-Side Features' epic is selected, and its details are shown in a sidebar on the right. The sidebar includes a 'To Do' dropdown, a description, and a list of child issues. The description for 'Teacher-Side Features' is: 'As the teacher, I want to be able to upload material to my students, post assignments or quizzes, assign grades to students submissions so that the students will be able to access them.' The child issues list includes: 'ED-3 Login Screen Teacher', 'ED-4 Upload Material', 'ED-5 Add Assignment', 'ED-6 Add Quiz', 'ED-7 Assign Grade To Stud...', and 'ED-8 Edit or Delete Mater...'. The sidebar also shows a '0% Done' progress bar and a 'Pro tip: press [M] to comment' message.

## Created Second Epic "Student-side Features"

The screenshot shows the Jira Software interface for the 'Educately' project, with the 'Roadmap' view active. The 'Student-Side Features' epic (ED-2) is selected, and its details are shown in a sidebar on the right. The sidebar includes a 'To Do' dropdown, a description, and a list of child issues. The description for 'Student-Side Features' is: 'As the student, I want to be able to submit assignments, download class materials that the teachers upload, take quizzes and view my grades'. The child issues list includes: 'ED-9 Login Screen Student', 'ED-10 Register Course', 'ED-11 Access Course Mat...', 'ED-12 Submit Assignments', 'ED-13 Attempt Quizzes', 'ED-14 Review Grades', and 'ED-15 Submit A Complaint'. The sidebar also shows a '0% Done' progress bar and a 'Pro tip: press [M] to comment' message.

# Teacher-Side Features Epic Stories: (Ordered according to Product Backlog Rationale)

## [94 Story Points]

### Story 1

The screenshot shows the Jira Roadmap interface for the 'Educately' project. The left sidebar contains navigation links: Roadmap, Backlog, Board, Code, Project pages, AgileMajorTask.git, Add shortcut, and Project settings. The main area displays a roadmap grid with columns for 'DEC' and 'JAN '22'. Under the 'ED-1 Teacher-Side Features' epic, a list of stories is shown, with 'ED-3 Login Screen Teacher' selected. The right sidebar shows the details for this story, including its description, assignee (Unassigned), labels (None), sprint (None), and a story point estimate of 20. The story is currently in the 'To Do' state.

**Story 1: Login Screen Teacher**

**Description:** As a teacher, I want to be able to login through my personal computer or mobile app using my email and password so I can access my courses and do my work.

**Details:**

- Assignee: Unassigned
- Labels: None
- Sprint: None
- Story point estimate: 20
- Development: Create Branch
- Reporter: Ammar Moataz

### Story 2

The screenshot shows the Jira Roadmap interface for the 'Educately' project, similar to the first one. In this view, 'ED-4 Upload Material' is selected under the 'ED-1 Teacher-Side Features' epic. The right sidebar shows the details for this story, including its description, assignee (Unassigned), labels (None), sprint (None), and a story point estimate of 20. The story is currently in the 'To Do' state.

**Story 2: Upload Material**

**Description:** As a teacher, I want to be able to upload class material in different formats so that students can access them.

**Details:**

- Assignee: Unassigned
- Labels: None
- Sprint: None
- Story point estimate: 20
- Development: Create Branch
- Reporter: Ammar Moataz

# Student-Side Features Epic Stories: (Ordered according to Product Backlog Rationale)

## [102 Story Points]

### Story 1

The screenshot shows the Jira Roadmap interface for the 'Educately' project. The left sidebar contains navigation links: Roadmap, Backlog, Board, Code, Project pages, AgileMajorTask.git, Add shortcut, and Project settings. The main area displays a roadmap grid with columns for 'Now', 'DEC', and 'JAN '22'. A list of epics is on the left: 'ED-1 Teacher-Side Features' and 'ED-2 Student-Side Features'. Under 'ED-2', several stories are listed, including 'ED-9 Login Screen Student' which is highlighted. A red box highlights the details for 'Login Screen Student'. The details panel shows the description: 'As a student, I want to be able to login through my personal computer or mobile app using my email and password so I can access my course material and do my submissions/quizzes'. The 'Story point estimate' is set to 20. Other details include 'Assignee: Unassigned', 'Labels: None', 'Sprint: None', 'Reporter: Ammar Moataz', and a 'Create Branch' button.

### Story 2

The screenshot shows the Jira Roadmap interface for the 'Educately' project, similar to the first one. The 'ED-10 Register Course' story is now highlighted in the list. A red box highlights the details for 'Register Course'. The description is: 'As a student, I want to be able to register courses having the option to choose the teacher and suitable lecture times'. The 'Story point estimate' is 20. Other details are consistent with the first story: 'Assignee: Unassigned', 'Labels: None', 'Sprint: None', 'Reporter: Ammar Moataz', and a 'Create Branch' button.

### Daily Scrum Meeting Example 1:

Team member	Question	Monday	Tuesday
Ahmed	What did you do yesterday?	I did the HTML/CSS for the login screen	I finished the dashboard frontend for students
	What are doing today?	I will start coding the frontend for the dashboard for the students	I will start coding the front end for the dashboard for the teachers
	Is there anything blocking you?	No	No
Mazen	What did you do yesterday?	I designed the database schema and ER Diagram and started	I created the database successfully and required scripts
	What are doing today?	I am going to create the database and required SQL scripts and queries	I am going to connect the database to our frontend and submit the work for testing team.
	Is there anything blocking you?	No	No.

## Daily Scrum Meeting Example 2:

Team member	Question	Monday	Tuesday
Rana	What did you do yesterday?	I did the login screen frontend for the mobile app interface	I finished the dashboard frontend for students only
	What are doing today?	I will start coding the dashboard frontend	I will start coding the front end for the dashboard for the teachers
	Is there anything blocking you?	No	No
Micheal	What did you do yesterday?	I tested the gui of the webapp	I tested the mobile app gui
	What are doing today?	I am going to test the mobile app gui	I am going to apply some database tests using SQL Injection
	Is there anything blocking you?	No	No.

## Sprint Document:

### First Sprint:

Goal: By the end of this sprint, we should implement Login Screen for the teacher on the mobile app and the web app, Implement the add assignment feature, Implement Add quiz feature and implement assign grade to student feature

Progress: Completed successfully

Next Sprint: Implement Upload material, edit material and start implementing the login screen for the students interface

### Second Sprint:

Goal: By the end of this sprint, we should Implement Upload material, edit material and start implementing the login screen for the students interface

Progress: Completed successfully

Next Sprint: Implement student registration, student accessing materials for only courses registered and student submit a complaint feature.
